ABOUT THIS COURSE

During your English for Business course at English Path, you will develop your English and Business skills; such as giving presentations, writing and understanding emails, participating in reviews, negotiating, telephoning and participating in meetings and discussions. Your English Path teachers, who have a background knowledge of the subject, will ensure you get a 'real-life' experience by using authentic Business English materials from the internet, newspapers and other sources.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General English plus one hour of skills content each day. The skill depends on the student's level.
- Students at A1 to B1 study Everyday English Skills: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers English for academic purposes (EAP) and IELTS preparation. Career Skills covers employability, business English, and other topics for using English at work.
- Both are offered at every school. Where student numbers are small, levels may be mixed within a skills class.
