Accommodation

EP

Choosing the right accommodation is a vital part of your experience in a new country. Your new home is one of the most important parts of your overall stay.

Each school has specially chosen options to help you make the most out of your stay.

Homestay and student residences do offer different accommodation experiences, but always try to meet the highest standards.

\*Please make sure you check with your representative, as all accommodation options are based on availability.

- Can be more affordable.

- May not be as social.
- Host rules may apply.
- It could be up to 75 mins travel.

- Noise levels might be high.
- Might be sharing facilities with other students.
- Might be expensive.

- May have to deal with shared chores and responsibilities.
- You might not be able to choose your flatmates.

## Booking Student Accommodation in 3 simple steps

### Step 1

You can indicate your preferred type of accommodation (homestay, shared apartment or residence) on the application form during your application for a course.

Our Student Services team will make a record the preferred choice of accommodation.

### Step 2

EP will only be able to secure the accommodation option once the invoice has been paid.

Our team will send you the accommodation confirmation with further details regarding the selected option.

### Step 3

You will need to confirm your arrival and send your flight details to our team, as soon as the flight is booked and no later than one week before the flight date. Our team will then be able to book and confirm your accommodation and/ or transfers and provide more details within the confirmation document.

If you arrive at a residence or homestay between 22.00 pm – 08.00 am, you may be asked to book alternative accommodation in a hotel on the first night due to late/early arrival at the accommodation.
