ABOUT THIS COURSE

Career Skills is an optional add-on to your General English course, and it's well worth choosing if you're focused on work. It develops both your English and your professional communication skills, using real workplace situations. You'll practise the language and techniques for presentations, meetings, negotiations, and workplace discussions. With teachers who bring real subject knowledge to every class, choosing this add-on gives you skills you can use straight away.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General English plus one hour of skills content each day. The skill depends on the student's level.
- Students at A1 to B1 study Everyday English Skills: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers English for academic purposes (EAP) and IELTS preparation. Career Skills covers employability, business English, and other topics for using English at work.
- Both are offered at every school. Where student numbers are small, levels may be mixed within a skills class.
