At EP Berlin, learning goes beyond the classroom – it's a supportive, inspiring space where you'll grow academically, culturally, and personally.

Join our welcoming community of international students and boost your language skills with the help of passionate teachers, modern infrastructure, and a truly unforgettable Berlin experience.

What are my study options in Germany?

A) Direct access to university – University pathway programme

Bachelor's degrees Eligibility for direct entry depends on your country of origin and academic background. EP Berlin will conduct a pre-evaluation to determine your eligibility.

Master's degrees

Germany offers 10,000+ Master's programmes across 400+ institutions. Admission is based on various criteria like university recognition, GPA, and study history. EP Berlin will assist in the pre-evaluation phase.

B) Indirect access to university - Studienkolleg Preparation

Studienkolleg are public educational institutions offering foundation-year courses for international students who wish to pursue higher education in Germany but whose secondary school qualifications are not recognised as equivalent to the German Abitur. These preparatory programs are taught entirely in German and are designed to bridge the academic and language gap, enabling students to meet university entry requirements.

To enroll, students must pass an entrance exam, which typically includes a German language component at the B2/C1 level and may also feature a mathematics test, depending on the chosen academic track. The program consists of two semesters of subject-specific instruction, culminating in the Feststellungsprüfung (FSP) – a final assessment that evaluates your readiness for university studies in your intended field.

Upon successful completion of the FSP, students are eligible to apply to universities across Germany in their chosen area of study. Studienkolleg is studied on University campus and usually lasts 12 months.

How does it work, and how long does it take?

Step 1: Pre-evaluation 1 week (free-of charge)

- Fill out the **form**
 - All information & documents should be provided in German or English only, no other languages accepted.
 - Documents do not need to be officially translated nor certified/authenticated at this stage of the pre-evaluation process.
- Submit academic documents
- Take an online German level test to determine your current level:
 - Take your **grammar, vocabulary test**
 - Book your **speaking test**
- Receive a tailored evaluation and roadmap

Step 2: Book your language course package (price at the end of the document)

Application process – approx. 8 to 36 weeks, depending on nationality.

- We'll guide you through document authorisation, translation, notarisation, and submission.
- We'll support you in preparing and submitting your university admission applications.
- You'll receive at least one Conditional Letter of Acceptance (CLA) or VPD (Vorprüfungsdokumentation) from a German university.
- You'll be provided with a personalised study plan based on your academic goals.

Visa Assistance Process (For Non-EU Applicants)

- We'll help you prepare the required documents for your visa application.
- We'll assist with setting up a blocked account and health insurance in Germany.
- You'll apply for the correct type of student visa with a complete and compliant document set.
- You'll receive your study visa and get ready to begin your pathway programme at EP Berlin.

Step 3: German course at EP Berlin (16–50 weeks)

- You'll need to obtain a C1-Academic German level to enter a public University
- You'll receive student support and academic counselling from our team
