Local customs

- Women in Australia are equal to men and should always be treated fairly.
- Australian people talk to strangers in public. This is a great way to practice English, but caution should be taken. You should not give out your address and telephone number, or accept inappropriate invitations.
- **"Please"** and **"thank you"** are very important words! Always use them if you ask someone to do something for you, or if they help you or give you information.
- Australia is a culturally diverse nation where people of all ethnic backgrounds are treated equally.
- Tipping in restaurants or for other services is rarely required in Australia but can be offered in high end restaurants or for outstanding service anywhere. If you choose to tip it should be no more than \$5. Fast food is not tipped but you could offer a tip for exceptional service if food is delivered promptly or perhaps in bad weather.

Health and safety

- **Medical insurance:** All students must have travel or medical insurance/OSHC (Student Visa Holders) for the duration of their stay in Australia. They can either book medical insurance offered by the college or they can choose their own.
- **If you get sick:** If you get sick while in Australia you should visit a doctor. You can ask the Student Services team or your host family and ask where the nearest doctor is. If you have a minor illness you can ask staff at a local pharmacist for advice. Remember to bring any relevant insurance or medical documentation with you.
- **Protecting your belongings:** We strongly recommend you take out travel insurance for your personal belongings, especially cameras, music players, mobile phones and laptops. Personal items cannot be covered by the college homestay or residence insurance.
- **Prescription medication:** Remember to bring enough of your prescribed medication with you as Australian pharmacists will not dispense a foreign prescription. International customs agents may ask you questions about your medication upon your departure or arrival, so be sure to pack it carefully. Bring any important medical records (blood type, prescriptions, x-rays) that might be useful for medical care abroad as well as contact information for your health care providers at home.
- **Staying safe at school:** If you or another student has an accident or needs urgent medical attention, please come to reception where the First Aider is located.
- **Fire safety:** If you discover a fire, press the fire alarm button on the nearest alarm. Leave the building immediately via the fire exit. Make sure you tell a member of EP staff exactly what happened so they can call 000. If you hear the fire alarm, leave the building immediately. Do not run, use the lift or stop to collect your belongings. EP staff will guide you to the fire exit. Go to the assembly point. Follow any instructions given by a member of EP staff and do not go back into the building until you are told to do so by EP staff.
- **Personal safety and looking after valuables:** Brisbane is generally a safe place but, as with a lot of big cities, you should always be alert. Some tips are: Be alert when you are walking alone at night. Avoid carrying large amounts of cash. Do not leave your belongings unattended. In Australia, you do not need to always carry your identification card or passport with you, you can keep it at home and carry a picture of your ID on your phone or a photocopy in your bag.

Emergency services

Course Progress Requirements

At English Path, we are committed to supporting your academic success.

This means you should:

- Attend and actively participate in all classes
- Complete all assessments and classwork to the best of your ability
- Demonstrate sufficient improvement across core English skills (reading, writing, listening, speaking)

We regularly monitor your progress, and if you're identified as not meeting academic expectations, you will be placed on an Academic Intervention Strategy. This may include one-on-one support, extra resources, or an individual learning plan.

Student Visa holders must achieve at least 50% or higher in your assessments over the course duration

If your progress does not improve after intervention, you may receive a Notice of Intention to Report for Unsatisfactory Course Progress, which could result in your enrolment being reported to the Australian Government and potentially impacting your student visa.

If you're struggling due to personal, medical, or other compassionate circumstances, please speak to your teacher or the Director of Studies. We're here to help.

Attendance requirements

Regular attendance is essential for academic success and is a requirement for students studying at the college. Maintaining good attendance ensures that you make steady progress in your course and stay compliant with visa conditions if you are an international student.

Minimum attendance requirement

Students must attend at least 80% of their scheduled classes in each study period.

Attendance is monitored regularly, and students who fall below the required percentage will be identified as at risk.

If you are on a Student Visa, failing to meet the 80% attendance requirement may result in being reported to the Australian Government, which could affect your visa status.

Absences & medical leave

If you are unable to attend class due to illness or other compassionate reasons, you should provide a valid medical certificate or supporting documentation.

Students who miss classes without an approved reason or for 5 consecutive days will receive a formal warning.

If your attendance continues to decline, you will be required to meet with the Director of Studies to discuss your progress and any necessary intervention strategies.

What happens if your attendance is too low?

First Warning – If your attendance falls below 90%, you will receive an attendance warning.

Second Warning & Intervention – If your attendance drops below 85%, you will be required to attend a support meeting with the Academic Team to discuss your situation and any support available.

Final Warning & Possible Reporting to the Australian Government – If your attendance falls below 80%, you may be reported to the Australian Government, which could impact your student visa status.
