Malta campus in the spotlight

Malta is a popular tourist destination known for its breathtaking seaside location, diverse cuisine, and welcoming atmosphere for tourists. Additionally, with a huge English-speaking population, it is one of the best places to learn English as a second language. Our campus has large classrooms, interactive lessons and group activities. It also has plenty of communal space and a library that you can take advantage of. There is also a student study area where you can enjoy some time alone to focus. With free Wi-Fi throughout the campus and access to computers, we will help you learn English in Malta.

The Young Learner team

On campus, students will have the opportunity to interact with our Young Learner team. We are extensively trained and have undergone DBS checks; most importantly, we are here to assist. Our team consists of a diverse group of fully qualified professionals, all dedicated to providing our students with an exceptional learning experience. Students will be assigned to lessons based on their proficiency levels, **determined by a placement test (click here to take test)**. They will receive all essential learning materials required for their courses.
