University of Alberta	Canada, Edmonton	Computing Science (BSc)	AAA	B
Toronto Metropolitan University	Canada, Toronto	Computer Science	BBB	B
University of Otago	New Zealand, Dunedin	Computer Science	CCC	C

Notes

1. IFY grades are the typical offer for the programme shown, and the NCUK EAP grade is the overall English requirement. Both were checked in the NCUK Entry Directory on 10 November 2026 and can vary by course and intake.
2. Entry requirements and course availability are set by each university and are subject to change. Other courses at these universities may require different grades.
3. For the latest information, please visit https://www.ncuk.ac.uk/our-universities
4. You can apply only to NCUK partner universities. We will help you shortlist and apply to the degree universities of your choice, before or during the IFY.
5. It is your responsibility to check whether your chosen degree universities and programmes are approved or recognised by the relevant ministries, for example in your home country and, if you are sponsored, by your sponsor. English Path does not confirm this for you.
