WHY EP PATHWAYS?

**Trusted by
thousands**

Over the last two years, EP has guided more than 5,000 students to achieve an IELTS 6.0 and supported 10,000 learners in progressing from UK Level 3 to Level 4 equivalence within the GEDU Group.

**Multiple
languages,
multiple routes**

Choose your academic focus depending on the programme and destination.

**Global
progression
network**

We partner with top universities around the world, helping you meet their requirements with confidence.

OUR PROGRAMMES

Whether your goal is a UK degree or a global qualification, EP's academic pathway programmes help you build the language and academic skills you need to succeed in higher education. They go beyond language alone: you develop English for Academic Purposes, along with research methods if you are planning postgraduate study, or transition-to-university modules if you are planning an undergraduate degree. Our experienced teams then guide you from course selection through to university application, with full support depending on your destination.

English for Academic Purpose (EAP) + IELTS 6.0 or 6.5

The English for Academic Purposes (EAP) course is designed to strengthen the language and academic skills that students need for college and university applications. Offered as EAP + IELTS 6.0 or EAP + IELTS 6.5, the programmes are built for students who plan to progress to an undergraduate or postgraduate degree. They develop English for Academic Purposes while building confidence and effective IELTS strategies to help students pass their IELTS exam.

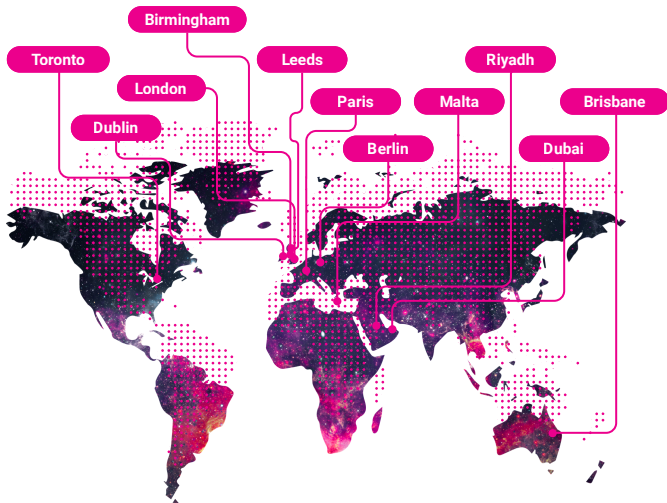

Programme	Duration	Entry IELTS
EAP + IELTS 6.0	12 - 15 weeks	5.0
EAP + IELTS 6.5	12 - 15 weeks	5.5

OUR PARTNER UNIVERSITIES

Meltem Topuzcu

I really had a wonderful experience at English Path Dubai. EP is not only about learning English, but it's also about pace, where you can easily make friends and find wonderful people who surround you. And I want to add that the staff of EP is very kind and friendly. They are incredibly nice people, and I'm so happy that I had this experience in Dubai.
