At English Path, learning English is fun!

At English Path, we use the CEFR (Common European Framework of Reference for Languages) to place you in the most suitable class for your age & level.

Prior arrival you have to complete a placement test (grammar, writing, and speaking) so we can place you into the right group. You'll be in a class with students who are at a similar level, so you can feel confident and make progress.

<https://forms.gle/DZZqGqZ15GaYaar27>

During the course, your teachers and our academic team will check your progress. You'll also complete a mid-course feedback questionnaire to help us improve your learning experience.

At the end of your programme, you will receive an English Path Certificate of Attendance, which includes:

- Your name and course dates
- Your CEFR level
- Your attendance record

Let's have a look at the following tips to make sure you get the most out of your experience.

Study skills

Study Skills refer to the ability to frame and improve our learning. For example, what do we do when we learn a new word? Do we make notes? How?

It's very important that we are organised in the way we learn, so that we have a much better chance of remembering the language and using it correctly in the future.

We would like to share with you some ways to keep learning and improving your English skills. If you practice these Study Skills, they will help you to continue your English language learning wherever you are.

Using a dictionary

Dictionaries are a useful resource for researching different meanings, collocations, examples of use and standard pronunciation. Use a mono-lingual dictionary and focus on understanding the meaning rather than translation of individual words. Translating individual words can often lead to misunderstandings.

A great, big paper mono-lingual dictionary is best but Cambridge, for example, have an online advanced learners' dictionary at www.dictionary.cambridge.org, which is easy to use and provides examples of word use.

Learning vocabulary

When you record vocabulary, you should also include longer phrases like phrasal verbs (e.g. get away with), multi-word expressions (e.g. How's it going?), idioms (e.g. raining cats and dogs), and collocations (e.g. take a chance).

Library and study area

There is a bright Library/ Study-Centre available for students which is a great opportunity to help you get more out of your studies. If you would like to use please let the EP staff know and they will help you to get access. There are open areas where you can work with your classmates and access the internet.

Dare to grab a book/Grab a book/Borrow a book and discover your progress as your understanding of content evolves!

Useful language

Here is some advice and a few ideas to help you with the following:

- Vocabulary
- Grammar
- Listening
- Reading
- Speaking
- Pronunciation
- Writing
- Irregular Verbs
- Language Bank

Here are some ways to learn vocabulary.

- Download the Quizlet app – create your own set of flashcards, practice and test yourself!
- Cut out lots of strips of paper or use index cards. Use the Language Bank you have made and write a word on one side of each strip, with the translation or definition on the other side. Now you can place your cards on a table and test yourself by placing either all the English sides, or all the translations/definitions, face down and test your memory.
- Make two cards with the English word and its translation on different cards. Put all these cards on a table and play a game of Snap! Here's how:
 1. Place all of the cards face down.
 2. Take one card and place it face up.
 3. Take another card and place it face up.
 4. If the two cards are the English word and its translation - you have Snap! Place the two cards at the side of the table and continue until you have matched all the cards.
 5. Try timing yourself and completing the game as quickly as possible.

Listening, reading and writing

What to write?

Getting the new language you've learnt down on paper can really help to consolidate your learning. Think about the language you've learnt that week and try the following:

- Write an email to a friend/your teacher
- Write a diary/journal entry each day
- Write your shopping list in English

What to read?

There's so much you can read to practice your skills; it doesn't have to be a book. You can read signs, newspapers, the back of food packets!

- Why don't you find an interesting article online?
- Choose a book you've read in your own language and get reading!
- Find an e-book and read on your daily commute to work or studies. This site has lots of free ones: gutenberg.org

What to listen to?

Try to listen to as many different types of spoken English as possible to improve your listening. You can find lots on the internet:

- Music and songs
- TV shows, the news and films
- Speeches and interviews
- Audiobooks

Daily Routine & Safety

Timetable

Your English classes will vary throughout the week. On Mondays, you will have a 3-hour lesson. You will be placed in either Group A or Group B, and your group allocation will be confirmed when you arrive at the camp.

During the rest of the week, you will take part in:

- Two full days of lessons (6 hours per day, with regular breaks to help you relax and focus),
- and two full days of leisure activities, including on-site and off-site excursions.

On excursion days, you will be provided with a packed lunch, and you will return to campus in time for dinner. On other days, after your morning activities, you will return to campus for lunch. In the afternoon, you will have some free time before your 3-hour evening class, which includes two short breaks.

After class, it's dinner time, followed by evening activities. You'll then return to your accommodation before curfew (10:00 pm / 22:00)

Please remember:

- Students must not leave the premises unaccompanied.
- Curfew times and all school rules must be respected at all times for your safety and that of others.

Daily Routine & Safety

Staff Supervision and Student Safety

Your safety is our priority. We ensure students are always supervised by trusted and trained staff.

Supervision ratios depend on your age:

- Ages 8 to 12: 1 staff member for every 15 students
- Ages 13 to 17: 1 staff member for every 20 students

We also follow these ratios during lessons, activities, trips and in the residence. For excursions or high-risk activities, smaller groups are used to keep everyone safe.

Residence and Campus Access & Supervision

While the university campus follows an open access policy, English Path ensures that students are always supervised when on site.

Our staff work on a rotational schedule throughout the day and evening, particularly in communal areas, toilet corridors, and transition zones, to make sure that:

- Only authorised individuals are near students,
- No strangers are able to approach or engage with students without supervision,
- Welfare and safeguarding standards are met at all times.

In the residence, entry is controlled by university staff. Security staff are present on site 24/7. Visitors are only allowed if they have been authorised and accompanied by the residence team.

Entry to the buildings is controlled with electronic key cards. Strangers without a pass or booking are not permitted under any circumstances. English Path staff are present and supervising every evening, conducting regular checks and being available in case you need support.

ID badges & wristbands must be worn at all times. Students are not allowed to open residence doors to anyone, and should always inform a staff member if something doesn't feel right.

At English Path, we want everyone to enjoy their time, learn lots, and stay safe. To help make that happen, we ask you to follow the rules below. These rules are here to protect you and everyone around you. Students may be asked to leave their course early if they don't follow the code of conduct or EP's disciplinary policy.

General Behaviour & Respect

- Be kind, polite and respectful to other students, staff, group leaders and members of the public.
- Treat others as you would like to be treated. Bullying, harassment (in person or online), and discrimination will not be tolerated.
- Respect everyone's culture, religion, background and identity. We all come from different places and that makes our school special.
- Follow all EP rules and instructions from staff – they are here to keep you safe.

● *If a student breaks the rules, they may receive a warning, be removed from activities or classes, and in serious cases, parents or guardians will be contacted and the student may be sent home.*

In Class

- Speak English at all times – this helps everyone improve!
- Be on time and attend all your lessons. You must attend 100% of classes – this is part of our programme.
- Phones are not allowed in class, unless your teacher asks you to use it for learning.
- No food or drink in classrooms (except bottled water).
- Tell a staff member if you feel unwell and can't attend class.

Personal Conduct & Safety

- Follow British laws: no smoking, no drinking alcohol, no drugs.
- If you are under 18, it is illegal to buy or drink alcohol or smoke.
- Drugs are strictly forbidden – this is a serious offence in the UK.
- Do not leave the school or residence without permission or a staff member.
- Respect curfews and supervision rules – these are there to protect you.

Digital Behaviour

- Use phones, laptops and the internet responsibly and kindly.
- Do not post hurtful or inappropriate content about others.
- If you see something that makes you uncomfortable, tell a staff member immediately.

Student's insurance

If you are enrolled in Day or Tuition Only programme means your parents are with us in the country and they have pre booked an insurance.

What to Do If You Feel Unwell 🤒

If you are not feeling well, follow these steps to make sure you get the care you need:

For individual students:

1. Tell a member of EP staff straight away.
2. If you can't find anyone, call the emergency phone number (on your ID card or in this handbook).
3. A staff member will take you to the local pharmacy.
4. The nurse or pharmacist will give you guidance. If further help is needed, staff will take you to a GP, hospital, or A&E depending on the situation.
5. Staff cannot give you any medicine, unless a doctor has prescribed it. If medication is prescribed, staff will supervise to ensure it is taken safely.
6. If you need to use your insurance, staff will help you with the claim process.

If you are part of a group:

1. Your Group Leader is your first point of contact.
2. Let them know how you feel — they will support you and notify EP staff.
3. The EP team will then follow the same steps above to make sure you receive appropriate care.
4. While your group leader remains your responsible adult, the EP team is here to help and guide you throughout the process.

Dental Support

Dental insurance generally encompasses both routine and emergency dental procedures, with certain policies offering global coverage. Typically, these policies require you to pay for dental services upfront, after which you can submit a claim to your insurer for reimbursement. However, it is important to recognize that not all policies are identical.

Numerous private dental practitioners impose fees for their services. It is advisable to consult your insurance policy for details regarding its dental coverage.

If you are experiencing dental discomfort, please reach out to a member of our team for assistance, and they will help you obtain the necessary care.

Traffic Regulations

When having tours:

- Look at both sides of the road.
- Cross the road when it is safe to do so – do not run.
- Cross at pedestrian crossings, wait for the green light.
- Keep looking and listening for traffic while you cross.
- Look out for cyclists and motorcyclists travelling between lanes of traffic.
- Do not walk diagonally across the road.
- Everyone in a vehicle must wear a seat belt.
