ABOUT THIS COURSE

The Work and Study programme lets you improve your English in downtown Toronto, then put it to work. You start with General English classes at EP Toronto, then move into a paid placement at a summer camp in Ontario or Quebec. Your work term starts in May or June and runs to mid-August or mid-September. Camp roles include kitchen, housekeeping and maintenance. You can tell the camp which role you would prefer at your interview; the final role is agreed at that interview. It is a practical way to build your CV, develop workplace skills and use English every day in a real English-speaking setting, while experiencing Canadian life.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General English plus one hour of skills content each day. The skill depends on the student's level.
- Students at A2 to B1 study Communication Workshop: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers English for academic purposes (EAP) and IELTS preparation. Career Skills covers employability, business English, and other topics for using English at work.
- Both are offered at EP Toronto. Where student numbers are small, levels may be mixed within a skills class.
