ABOUT THIS COURSE

Communication Workshop is an optional add-on to your General English course, and it's one you'll want to choose. It gives you the language and skills to handle real, everyday situations in English with confidence. Alongside communication, you'll build the study strategies that keep you progressing long after your time with EP. From forming relationships and everyday transactions to work and travel, adding Communication Workshop helps you get the most from your experience and communicate confidently in a wide range of daily situations.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General English plus one hour of skills content each day. The skill depends on the student's level.
- Students at A1 to B1 study Everyday English Skills: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers English for academic purposes (EAP) and IELTS preparation. Career Skills covers employability, business English, and other topics for using English at work.
- Both are offered at every school. Where student numbers are small, levels may be mixed within a skills class.

WHAT YOU WILL LEARN

By the end of the course, you will have

- Developed functional language to help you navigate a range of everyday contexts.
- Improved your intercultural knowledge.
- Built the foundations to keep building your English language and skills to achieve your future goals.
