

# YOUNG LEARNERS

## ARTS & DRAMA

### Course Description

The Art & Drama course provides a hands-on and practical approach to learning. It includes informative tuition sessions where you'll explore the worlds of various artists and playwrights.

During the engaging course, you will practice your English language skills, expand your range of vocabulary and improve grammar accuracy, while exploring the principles and practices of Art & Drama.

Additionally, you'll take part in engaging workshops that involve both individual and collaborative tasks.

#### Art

Free your artistic talent and be inspired. You will embark on a creative journey, learning essential techniques in drawing and painting, sculpture and photography. You will take part in hands-on, expert guided activities, culminating in exciting final projects where you'll create stunning works of art that reflect your unique style and vision.

#### Drama

Drama - Unleash your creativity and express yourself on the stage! Throughout the course, you will dive into the world of drama, learning essential acting techniques, improvisation, and teamwork. Each day will be filled with engaging activities and exercises designed to boost your confidence and ignite your passion for the performing arts. Plus, you'll have the opportunity to showcase your talent in a final project on the last day of the week.

### What you'll learn:

- Introduction to some fundamental art techniques, including drawing, painting, shading, and perspective. You should understand how to use various art materials more effectively.
- Encouragement to express your unique creativity and style through your artwork and performances. You should gain the ability to better convey emotions, messages, and concepts through different art forms.
- Develop an understanding of important elements of art history, and famous artists. You should be able to better analyse and appreciate different art styles and periods.
- Create a portfolio of your work. This should showcase your progress and range of skills, serving as a valuable asset for future art endeavours or applications to art schools.
- Learn how to give and receive constructive feedback on your work. This helps you to develop a critical eye and the ability to evaluate and improve.

*\*Students will be provided with notebooks, sketchbooks, basic stationary and folders. All art and drama materials are provided.*

**Ages:** 13-17

**English level:** Intermediate B1 and above

## Final Presentation Time

### Week One example: Portrait Competition

Create your own, unique gallery in our Portrait competition. Your artwork can feature a self-portrait or be intentionally open to interpretation, aiming to inspire the audience! The exhibition will be attended by both students and staff from the school, who will later cast their votes to determine the best portrait.

### Week Two example: An original short play

This could be a series of scripted scenes, an improvised performance, or an original short play created by your group. All staff and students will be invited to witness your talent on the stage!

### Week One Example Timetable

	Monday	Tuesday	Wednesday	Thursday	Friday
Session 1	Ice-breaking activities and introductions	Ice-breaking activities and introductions	Exploring shading techniques for depth and realism	Understanding colour theory in portrait art. Experimenting with colour palettes.	Applying shading, texture, and colour techniques

# YOUNG LEARNERS BE YOUR OWN BOSS

## Course Description

The 'Be your Own Boss!' course is an Introduction to Business management course which has been designed for the young business people of today and the leaders of the future. This course focusses on developing business skills, knowledge, and entrepreneurship. You will participate in company visits and projects, which will develop a real life understanding of how businesses work.

During the engaging course, you will practice and improve your English language skills, expand your range of vocabulary and expand grammar accuracy, while exploring the principles and practices of Business and entrepreneurship.

By teaching the key concepts of business, marketing and finance, you are able to get an insight into your future with a successful career in business or starting up your own company. You are provided with a collaborative and interactive learning environment to get the most out of your sessions. All classes are small sized, providing ample opportunities for you to develop your skills.

## What you'll learn:

- By the end of the course, you should be better able to:
- Identify the purpose of different business organisations.
- Explain the role of marketing and how it interrelates with other functional units of an organisation.
- Compare ways in which organisations use elements of the marketing mix (the 7Ps/4Ps) to achieve overall business objectives.
- Understand different methods of traditional advertising and branding
- Develop and evaluate a basic marketing plan and present it.
- Understand the aims, objectives and benefits of running your own business.
- Understanding how to set up and run a business, the regulations to be met and the need for a detailed business plan.
- Understand external and internal sources of finance. Understand the role of social media in start-ups.
