ABOUT THIS COURSE

The General German programme develops your German language and communication skills, giving you the confidence and ability to function in everyday situations. Through a communicative approach, you will practise your listening, speaking, reading and writing skills, build your vocabulary, and be able to understand and use more complex grammatical structures.
You will have the opportunity to join social activities with your classmates, explore the city during your free time, and take part in the weekly social programme available to all EP students.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General German plus one hour of skills content each day. The skill depends on the student's level.
- Students at A1 to B1 study Communication Workshop: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers German for academic purposes (EAP) and TestDaF/telc preparation. Career Skills covers employability, business German, and other topics for using German at work.
- Both are offered at EP Berlin. Where student numbers are small, levels may be mixed within a skills class.
