ABOUT THIS COURSE

The Public German University Preparation Course is designed to give students the language skills they need to enter a German university. Depending on their high school degree, this can be directly or through a Studienkolleg. The course not only brings students to the required C1-level German but also helps them with practical skills such as exam preparation and basic mathematics. Course length depends on your starting level: 15 weeks covers B2 to C1, and 30 weeks covers B1 to C1.

HOW SKILLS WORK AT EP

- Every semi-intensive course is three hours of General German plus one hour of skills content each day. The skill depends on the student's level.
- Students at A1 to B1 study Everyday German Skills: vocabulary, speaking, and the practical language needed for daily life.
- Students at B1+ to C1 choose between Academic Skills and Career Skills.
- Academic Skills covers German for academic purposes (EAP) and IELTS preparation. Career Skills covers employability, business German, and other topics for using German at work.
- Both are offered at every school. Where student numbers are small, levels may be mixed within a skills class.

HOW LONG WILL MY COURSE LAST?

The duration of your course will depend on your current language level.
